**The Finance Hive Live
3rd Annual USA Global FX Steering Meeting
May, 9th 2017 New York**

This event will help the USA's leading buy side FX trading desks and their providers, who play a key role in driving the evolution of the FX market structure and financial technology.

David Clark, Chairman of the Wholesale Markets Brokers' Association will be chairing the meeting; David sits on the Bank of England FX Committee and is currently working on the FX Global Code of Conduct.

Senior industry keynotes and **private buy side interactive roundtables** will focus on key topics including:

- The impact of U.S. policy on the markets (including Trump's Dodd-Frank rollback) and post-election volatility
- Best execution
- Bank algos vs independent providers
- Market Structure & Liquidity
- Platforms
- G10 vs. EM (LatAm, Eastern Europe vs. Russia, South Asia, South East Asia and South Africa)
- An update on the FX Global Code of Conduct
- FX benchmarks
- Pre and post-trade transaction cost analysis (TCA)
- Clearing
- Prime brokerage
